Grow Your Business & Earn Rewards!

AFFILIATE PROGRAM 15% COMMISSION

You can start building your business with our affiliate program for FREE, so there is no outlay or investment needed at this stage. All you need to do is click on the link below to set up your account: <http://www.naturalfulvicvitality.co.uk/affiliates>

Once your account is set up you will be given a unique ID number which will be automatically added into the website code on the promotional banner advert section.

All you need to do then is copy and paste this code into your website pages or blogs. This means when someone clicks on the BANNER AD on your website or social media post, they will be taken to our site and any orders they place will be automatically linked to your code and your sale will appear in your affiliate account and with us this end.

You will earn 15% commission for the total sale a customer makes and will be paid to you through the secure system of Pay Pal once the Returns Period of 14 days has elapsed with the customer.

It's that simple. You do not need to worry about holding stock, packing it up or shipping it out, we do all that for you. We just love to reward you for bringing the sale to us.

DROPSHIP 15% COMMISSION

The dropship scheme works well for those who want to sell directly by word of mouth or on their own websites but don't want to purchase stock of their own to hold.

You will need to request that we set up an order form template that is unique to you and you will need to save this on your computer and complete one of these for every order you wish to make with us. We will also send you our customer invoice template which you can put your own details on and this will need to be also completed and sent to us so we can print off and send to your customer with their goods.

Your customer will pay YOU the full RRP + Shipping and we will invoice you minus your 15% commission so you get to keep that. Invoices must be paid by BACS transfer before we will send your goods out to your customer.

TRADE CUSTOMER TERMS 25 - 45% Profit Margin

To become a trade customer and earn the higher commissions, you will need to invest in holding your own stock and do all your own processing and delivery. Depending on the amount of stock you purchase from us at any one time will determine the amount of profit margin you can make. You can find out more details of our commission structure on the price list page below.

You will be required to make full payment of your stock plus delivery charges before we will send your stock to you.
